

Toilet routine

pull down pants

go to bathroom

toilet paper

pull up pants

flush

wash hands

Print this routine and tape it in the bathroom near the toilet at your child's eye level. Point to each step while also verbally instructing your child to facilitate understanding, association and memorization.

go to bathroom

Once the child is ready to urinate standing you can use this photo. Cut the photo and tape it (only at the top) over the second picture (go to bathroom) to use interchangeably as needed. Please be aware that little boys begin with sitting.
